

## PENSACOLA HIT BY SERIOUS FIRE

ENTIRE CITY PREPARATION—LOSS IN ESTIMATED AT \$75,000.00

Pensacola, Fla., March 16.—Swept along by a forty-mile gale, fire today threatened the entire business section of the city and but for valiant and united fight by the entire fire department, employees of the Louisville and Nashville railroad and police officers who were sent to the assistance of the firemen, the blaze would have gotten the principal business district. As it was, twelve buildings, including the Southern Hotel, were destroyed, with a loss of \$75,000 and insurance of \$40,000.

Started in Negro Church  
The blaze started in a negro church on Alcanis street and spread to Gregory street, where one store building and three large residences were destroyed. It then jumped to Tarragona street, two blocks distant and destroyed a brick building and two cottages. From there it jumped a block further towards the business district and burned the Southern Hotel and three residences.

Riot Call Sounded  
Here all the fire fighting force, even to the reserve engines, were called into use, while a riot call brought out all the police force, including those off duty to the assistance of the firemen. After about 4 hours work the fire was gotten under control. When it was thought the fire was beyond control, Admiral Young sent out two fire engines and companies of marines from the navy yard.

## OFFICERS ELECTED BY ORDER OF ELKS

At a meeting of Dothan Lodge No 1123 of the B. P. O. E., held last night, the following officers were elected to serve for the ensuing year: Exalted Ruler, George Cotton. Esteemed Leading Knight, Dr. C. W. Hilliard. Esteemed Loyal Knight, H. F. McCarty. Esteemed Working Knight, Dr. Thomas M. Barnett. Secretary, J. S. Lisenby. Treasurer, Carl P. Simonton. Trustees, J. L. Acres, W. R. Watford and W. H. Grant. Tyler, S. E. Gellerstedt. The Dothan Lodge of Elks continues to grow, and at each meeting there are several new members to be initiated. They are bent on making this a banner year for the lodge and expect to have many new members at the end of the next twelve months. Nothing was done last night toward the building of the proposed new home, but this matter will likely come up within a short time.

## TWO BY SAME NAME FROM SAME PLACE

While the special venire, which had been summoned for the selection of a jury in the Spivey case this morning, was being questioned and qualified, Judge Pearce brought a sudden halt in the proceedings to investigate the fact that two men answered to the same name.

"We seem to have two R. E. Lees here," said the judge. "Which of the gentlemen has that name?" "I have," they answered of one accord. There was a snicker about the court room.

"I see," said the judge. "Which gentleman is Robert E. Lee?" "I am," they both proclaimed.

"That so?" said the judge. "Well, in that case, which of you received a summons?"

"I did," came from the lips of both gentlemen at the same time.

"Well, which of you live in Beat 2?" said Judge Pearce, as he looked over his list.

Both of the prospective jurors nodded.

Judge Pearce looked perplexed, while there was an audible giggling from every part of the court room. And then came the relief. Judge 1 live on the line of Troy Beat No 1 and Beat 2, but I vote in Beat 1," said the larger of the two men who had been questioned.

"In that case," said Judge Pearce, the summons was not meant for you, so you are the wrong man and may stand aside."

And the spectators in the court room heaved a sigh of relief.—Troy Messenger.

## GOVERNOR KNIFES NEWSPAPER BILL

COULDN'T STAND FOR EDITORS, AND OTHERS TO RIDE ON RAILROAD PASSENGERS

As has been generally expected by people who have been watching affairs around the capitol for the last month, Governor O'Neal yesterday returned the railroad pass bill killing clause that would have allowed newspaper editors, police chiefs and deputy sheriffs to use passes from the railroads.

The measure had passed both houses, but it was then rumored that the governor would oppose it.

The measure will hardly be passed over the governor, for too many members of the legislature are of his opinion on various things.

Mrs. Clarence Conrad will leave tomorrow for an extended visit to friends and relatives in Georgia.

Mr. and Mrs. Malcolm McEachern, of Eufaula, are in the city visiting the family of Dr. Davis.

## NEGROES ATTACK HOUSTON FARMER

MORGAN LISENBY IS KNT UPON AND BEATEN BY TWO NEGROES

Morgan Lisenby, a prominent Houston county farmer, was seriously attacked by Richard Caldwell and his wife, two negroes living near his place. The attack was made near Lisenby's home and he was beaten pretty badly by the negroes but not seriously. He was rescued by one of his neighbors who happened to be near at the time of the difficulty.

The negroes were arrested by Deputy Sheriff Pitts and brought to Dothan, where they were placed in jail to await a preliminary hearing before Probate Judge Crawford at the next term of county court.

## LIBRARY ASSOCIATION MEETING TOMORROW

There will be a meeting of the Dothan Library Association tomorrow afternoon at 4 o'clock in the library rooms. Officers and directors are especially urged to attend.

## DR. C. J. OWENS, OF WASHINGTON, HERE

Dr. C. J. Owens, of the Southern Commercial Congress of Washington, D. C., was in Dothan a while this morning. He was on his way from his old home in Abbeville to Savannah, where he has an engagement with the secretary of the Board of Commerce of that city.

He has just returned from Atlanta where he has been attending the annual convention of the Southern Commercial Congress, which has been in session there. While there Dr. Owens was introduced to an assembly of over 3,000 people, 5,000 of which were delegates from all over the United States, by President W. H. Taft, and addressed one of the largest bodies of great men that has ever gathered in the United States.

The meeting, he states, was one of the biggest boosters the South has ever had and has created much interest in the "New South." Ambassadors from foreign countries, senators, governors and ex-governors and leading men of this continent were present at the convention and the South received more than national advertising by the occasion.

Dr. Owens will fill only two more engagements, one at Savannah and one at Macon, before his return to Washington, and will then be at the head of his bureau, with the other men doing the canvassing of the sixteen states which he recently toured in interest of the commercial congress.

## JAUREZ SPENDS A SLEEPLESS NIGHT

STREETS PATROLED BY DOUBLE FORCES OF GUARDS—GARRISON UNDER ARMS

El Paso, Tex., March 16.—Jaurez spent a sleepless night. The streets were patrolled by a double force of guards. Practically the entire Garrison was under arms in front of the barracks and the city was in a state of tension. General Navarro and Colonel Del Rio were the commandants.

At daybreak, sleepy guards posted in the houseless swept the country for signs of insurgents, but if they were in the vicinity, they kept well under cover. The coming of daylight materially lessened the anxiety caused by last night's attack upon the barracks, when a small band of insurgents, who had managed to slip through the lines into the city, demolished a portion of the barracks with bombs and made their escape with the loss of but two of their number who were injured and taken prisoners.

## No Cause for Anxiety

The authorities persist in their declaration that the Federal troops suffered no loss in killed or wounded and gave repeated assurances that there was no cause for anxiety. Business has been resumed and most of those who had planned to take refuge on the American side changed their minds today.

It is not thought that the insurgents are near the city in any great numbers, the small band under Captain Oscar Creighton, the American, being the only one reported at all close at hand. Madero, with 1,000 men is farther south, where he is said to be waiting to effect a junction with Orozco's force of 800 after which, it is reported, the insurgent leader will begin a march northward to the border.

## Claims No Damage Done

Colonel M. Tamborel, military commander of Juarez, stated this morning that the bomb thrown last night into the military barracks did no damage and that nobody was captured. The shot of sentries, he said, did not hit anybody.

## Rebels Seize Pay Car

El Paso, Tex., March 16.—Two hundred revolutionists have been operating in the Sacramento district near Torreon. They visited two ranches, taking several horses and forced a ranchman to give up \$200. The pay car of the American Smelting and Refining Company, which was being sent to El Cobre mine, was seized and ten rifles and several hundred dollars added to the insurgent funds and arms.

## U. S. OFFICERS INVESTIGATING

Mexicali, Mex., March 16.—United States army officers in Calexico, opposite Mexicali, are investigating today reports that Mexican custom officials at Algodones, yesterday fired on the insurgents from the American side of the international line. Such action would constitute a violation of the neutrality laws. The Mexican customs officials returned here today and declared they did not fire shots but that the insurgents opened fire on them.

On the other hand, messages from Algodones say that the Mexican officials did fire from American soil and that later they were disarmed.

## BIG ALLIGATOR CAPTURED

Over Six Feet Long and Weighed a Hundred and Fifty Pounds

Bay Minette, Ala., March 16.—A party of fishermen who had spent several days on Dennis Lake, north of town, returned yesterday evening, having captured an alligator, of which accomplishment they are justly proud. The party consisted of Ben Johnson, Henry Roden, Lewis Murr, E. L. Davis, George Lovett, James Johnson and O. H. Fritzinger.

The alligator was spied on shore and Ort Fritzinger succeeded in landing between it and the water with a noosed chain through which it was forced to run when trying to re-enter the water. A great fight ensued in which the alligator came near getting the best of its captors. Two boats were required to handle it after it had been dragged into the water. It was more than six feet long and weighed 150 pounds.

## BIRMINGHAM MEN TO BUILD AEROPLANES

Birmingham, Ala., March 16.—The Zeli Aeroplane Company has been organized in the state of Arizona with a capital of \$500,000 and will be read for business in a few months. The inventor of the Zeli aeroplane, Robert E. Zell, of Birmingham is the president of the company. The other officers are as follows: H. G. McLaws, vice president; J. L. P. on, secretary and treasurer.

The company is located at 111 North 1st street, Birmingham, Ala.

The company is covering the machine a several minor parts have been made. Work on the first machine will be started in the near future, and it is thought that it will be finished in about seventy-five days, at which time exhibition flights will be given.

Mr. Zell stated that he had received offers to locate in Baltimore, New Orleans and St. Louis. Nothing has been done as yet in the way of establishing the factory, however.

## MARRIAGE LICENSES

Marriage licenses have been issued for Mr. L. E. Ragan and Miss Sallie Riley, of Webb. Mr. P. P. Givens of Houston, and Miss Lulu Armstrong, of Henry county, Mr. Olanzo Hicks and Miss Maggie Harp, of Ashford.

## DR. CAMPBELL TO GO TO ARKANSAS

ACCEPTS CALL TO BE PASTOR OF CHURCH IN LITTLE ROCK—REGRETS EXPRESSED

Troy, March 16.—Rev. Sam H. Campbell who has resigned the pastorate of the First Baptist Church here, has accepted a call to the First Baptist Church at Little Rock, Ark. The church has a large membership and is one of the leading Baptist churches in the state.

A handsome new building has just been completed, which is four stories high and is built upon modern architectural church lines.

Dr. Campbell's resignation will take effect here April first, after which he and his family will leave for Little Rock. Troy regrets very much losing this excellent family.

## DESTRUCTIVE FIRE TO COTTON OIL MILL

WAREHOUSE OF FARMERS' COTTON OIL COMPANY BURNS—DAMAGE \$14,000

Fire at an early hour this morning almost totally destroyed the warehouse of the Farmers' Cotton Oil Company, on East Newton street. The damage is estimated at \$14,000, with \$8,000 insurance.

The fire was discovered at about 5 o'clock this morning by the night watchman, who turned in the alarm, but the blaze being in the cottonseed hull house, spread rapidly and had soon reached the adjoining meal house. The Dothan Fire Department was called to the scene and has been fighting the blaze all day, but the bulls and meal are still burning. The valve at the city standpipe was out of order and the firemen have been given only a slight pressure, with which to fight the flames.

A meeting of the directors of the Farmers' Cotton Oil Company was called for this afternoon and the matter of rebuilding will likely come up then.

## IMPROVEMENT CLUB ITSELF

Mrs. J. L. Crawford, Mrs. W. M. Hunter and Mrs. J. L. Ellis had been the committee from the City Improvement Club to beautify the court house lawn, but since the city has been redistricted, putting a committee on each of the four wards, the court house now is under the direction of Mrs. B. F. Cumming and Mrs. N. B. Crawford.

This is a part of the city improvement work that could be made to show up very effectively, as the court house is visited by almost every one who comes to Dothan, and any improvements upon the grounds would be noticeable.

It was planned to put out some flowers, some tropical growth trees and shrubbery on the lawn, which in time, will add much to the general appearance of the grounds.

The commissioners should give the ladies of the improvement club a free hand in doing work on the grounds.

A woman can give no greater proof of her absolute trust in a man than by holding a nail while he drives.

## FROM SUNSHINE LAND

Cottolene is a vegetable product—without an ounce of hog fat in it. It is made from the choicest cotton oil, extracted from the seed picked on the fields of the Sunny South. It is a product of Nature, and makes wholesome, digestible, healthful food.

Cottolene is made in a cleanly matter—from Cottonfield to Kitchen human hands never touch the oil from which Cottolene is made. It is the one high-grade, absolutely pure and perfect cooking fat—and far preferable from a health and economic standpoint to lard, cooking butter or any other fat.

There is but one Cottolene—we make it. All good grocers sell it.

Made only by THE N. K. FAIRBANK COMPANY

"Nature's Gift from the Sunny South"

Pictorial Review Patterns and the magazines just arrived.

More will be received daily for a few weeks.

We are going to try to give you the best service in all the departments this season that we have ever given you.

We are anxious to please you. Let us try.

**DOTHAN'S DEADLIEST ENEMY**

The common house-fly taunts more meat, fouls more food, spreads more filth and scatters more germs of disease than any other single factor in our civilization.

Screen Your House and Store

Augusta, Georgia, hasn't named a street for Rockefeller, or President Taft yet.

Somebody will push a chip off that bunch down on the Mexican border first thing we know.

The town of Dothan needs a bath. We have barely enough water to keep things running without putting any on the streets.

Governor Brown of Georgia has set aside March 24, as Health Day for that state. Here in Alabama, we have good health the year round.

Birmingham can stand some thing and it has some citizens who stand for anything, but the News don't think that it is a good place to have Sunday base ball.

Reform in New Jersey under Woodrow Wilson is alright, but he started in a mighty little state in the point of sales, but a mighty big one when it comes to where reform is needed.

The legislature has taken a good deal of time over things peculiar to Jefferson county, and some of the members feel like that if a halt is not called, that the remaining days will be consumed in Jefferson's behalf.

And yet the poor old Newspaper man may get to ride on a pass—Blood and News.

Wrong again. Your man O'Neal couldn't stand for it, because the paper's criticized his Colonel Bowman appointment, and some others.

The hookworm is being routed. The people are gradually doing away with him, and then you will see more healthy people, and people who are more anxious to live. If we can ever get Georgia interested in the treatment as we are in Alabama, a real good will have been accomplished.

Even the northern and western papers are taking up the "Go South Young Man" ripple that Champ Clark started. As we have previously stated, no utterance in years has been worth more to the South than the careless remark of the Speaker of the House in Chicago the other day.

A rather unusual thing happened the other day in Birmingham. A lawyer was on trial for doing things in his profession that was considered wrong. He was really fined a certain sum of money with a jail sentence tacked on behind. The case was finally settled by the man's license being revoked forever in Alabama.

Mrs. Champ Clark says she never discussed politics. That is an evidence that she knows her husband, and knows there is no use to try to equal him, not on this question.

The man who can hardly find an instance where a college education did a man any good, might look over Governor Wilson's case. It did him no harm.

Gen. Leonard Wood climbed out of a back window at the White House to keep from being interviewed by a bunch of reporters. That is due to the General's previous training, which was that of a regular practicing physician, and physicians don't take the advertising much. However, since Dr. Wood has become General Wood, he really ought to take a different view of it.

## EXAMPLE OF A SENATOR'S OPINION

After a skilled medical man went over the hookworm proposition thoroughly before the senate the other day in an attempt to get through some hookworm legislation, all of his talk went for nothing. One senator said there was no such thing as hookworm.

So long as Alabama elects such men as this senator to such offices, just so long will we have men we are ashamed of.

The qualifications of a man should be passed on by the voter, but it is not always done. We don't know the senator's name, but we are sure that he teaches his children the flat theory of geography, that the earth isn't round at all, and that he makes a horse doctor bleed him when he is sick.

## NO MORE JOBS LIKE THAT ONE

The Birmingham papers fear that the bill to abolish the office of back tax commissioners in Alabama will fall in the passage.

Jefferson county is particularly interested. It is a big county. It is a rich county, and the men who own the millions invested there don't want such a man as Colonel Bowman forever dogging them, in order that his income might be around \$10,000 a year. This is probably why they are so anxious to have the office of tax commissioner abolished.

But there is a general demand all over the state. It isn't only from Jefferson county.

The bill will fall merely because the administration will be against it. Not that the administration endorses the office of back tax commissioner, but the head of the administration has no other office to give Colonel Bowman, to whom he owes so much. Of course, the Colonel is a colonel, and there is no help for it, but it is a job without a salary or commission. It is not a desirable job, unless there is another attached to it which insures an income.

Governor O'Neal has placed the job in the hands of the man who stood by him, and rendered aid when aid was appreciated coming from any source. The Governor is not going to forget such a friend and lend encouragement to any movement that will completely do away with the job he has given his friend, the Colonel. He has friends in the house and senate, who look at it in the same light, even if Jefferson county and nearly every other county in the state would like to see the back tax commissioner job killed.

## THE OLD SOLDIER

If the old soldiers can get the railroads' consent, they may ride on passes, so far as the state of Alabama is concerned. When that bill went through, the people who voted for it, felt just like they had carried out their many promises to "take care of the old soldiers."

As we have observed the old soldier, he is not so particular about riding on passes when he travels. He is not travelling as much as he did. Doesn't travel to make a living, but loves to stay around home.

When anything can be done that increases his pension he appreciates it more than he does a free ride on the railroads.

The old soldiers, in fact, were not asking for such legislation. They only wanted what many other states were giving the old soldiers.

Whenever it comes convenient, the old soldier wouldn't mind accepting a job at the hands of the governor, but since Col. Harvey Jones, the old wooden-legged Confederate soldier, was thrown out of the State Tax Commission to make room for a more influential man, they have about given up hopes of getting much from the present administration.

Really, when you back off and look at it, after the smoke of battle is clear, it was the other administration, generally known as the Comer Administration that did more for the old soldiers than any other that has held forth in the capital in many a year.

That administration just about doubled the old soldiers' pensions but it never got the credit for it that it was entitled to.

The Fisher Shipper Concert Company that is to appear on next Monday night at the Elite comes highly recommended throughout the United States and only the highest praise follows this company of all star musicians. Don't fail to see them.

## POPULATION OF HEADLAND AND ABBEVILLE GIVEN OUT

WHY JESUS REFUSED TO PRAY FOR THE WORLD.

"I pray not for the world, but for them which Thou hast given me."—John xvii, 9.

Feb. 26.—Pastor Russell thought that these words must sound strangely to those who still believe on the one hand, that Jesus loved and sympathized with the world and came specially to save the world, and who, on the other hand, believe that all for whom Jesus did not pray and labor would surely at death be cast into eternal torment. Such inconsistencies, he claimed, were troubling many noble men and women from God and from the Bible, neither of which are at fault. The fault lies with the unscriptural proposition that all except the "elect," all except the "little flock," who now have the hearing ear and understanding heart and who now receive the Divine Message, will be punished for their mental blindness and deafness with eternal torture.

He asked, Can it be true, as our Westminster Confession teaches, that God passed by the great mass of mankind without drawing them, without calling them, without giving them the hearing ear, without opening the eyes of their understanding? Can it be true that God, foreknowing all these conditions, predestinated and arranged for the eternal suffering of these thousands of millions of humanity. His answer was emphatically, No!

Although trained in these doctrines of Election and Predestination, the Pastor, even in youth, felt somehow that Brother Wesley's teachings of Free Grace were much more noble and more God-like than Brother Calvin's teaching of Predestination. Nevertheless, he reasoned, Would an all-wise God, knowing the end from the beginning, prepare devilish tortures for his creatures from before their creation? Why then would he bring them into existence at all? Calvin's theory exhibits a wise and powerful God, lacking love. Wesley's theory exhibits a loving God lacking in wisdom and power. The true view, the Pastor reasoned, must show God possessed of wisdom as well as love; of power as well as justice; else he would not be the God for whom our hearts crave and whom we could realize as our Heavenly Father.

Christendom in general has greatly erred. Some appropriate one part of the Divine message and some another. What we need is Calvin's God of Wisdom and Power and Wesley's God of Love and Justice. But how can these attributes be harmonized? Is it possible that God could make an Election and yet allow Free Grace to His creatures as a whole? This, he declares, is the solution. God is selecting or electing a Church now—since Pentecost. With its completion there will be no more Election, but Free Grace. And the elect Church, glorified to the spirit plane of holiness and associated with the Redeemer in His all-power in heaven and in earth, will be the Teachers, Rulers, Helpers, of mankind out of sin and degradation, back to perfection, the image of God, and eternal life.

**"Tasted Death For Every Man."**  
Although Jesus tasted death for every man he understood the Father's Program—that first his elect Bride class should be selected from the world, that these, in turn, might be with him, the Missionaries, Kings, Priests, Judges, of mankind in the great thousand-year resurrection day of Messiah's Kingdom. It was appropriate, therefore, that he should pray for these Elect ones first and not pray for the world, because its time would come later. Of his disciples he said, "Ye are not of the world." "If ye were of the world, the world would love its own, . . . but I have chosen you out of the world." His disciples were sent to choose or draw others from the world and were instructed to preach a chance of nature from earthly to heavenly, to all who would walk in the narrow way in the footsteps of Jesus. The world will be dealt with in another manner entirely when the due time comes.

**"Ask of Me and I Will Give."**  
In the Second Psalm we are told that eventually Jesus will pray for the world and His prayer will be answered. God said, "Ask of Me and I will give thee the heathen for thine inheritance and the uttermost parts of the earth for thy possession" (Psalm ii, 8). But that time has not yet come—it will not come until the last member of the elect body of Christ shall have attained a share in the glories of Messiah's Kingdom.

As our Lord asked blessings upon the elect Church at the beginning of this Age, so he will ask blessings upon the world in the beginning of the New Age to follow and receive them. And the entire world will be turned over to him. His first work will be the binding of Satan and the overthrow of every human institution out of harmony with righteousness. Although this drastic treatment, the Scriptures tell us, will bring a great time of trouble, nevertheless it will save the race as a whole from the bondage of the Times of Gentilism of all things which God hath ordered by the mouth of all the holy Prophets since the world began, the foundation of the reign of Messiah, and to bring a split Being with a split mind and split influences.

LAUNDRY NOTICE

Our wagon will call at Star Laundry and E. C. Cumber's Bicycle Shop for all laundry left there for us, and it will be delivered back at these places.

gerous kidney and bladder trouble resulting from years of railroadings. Geo. E. Bell, 639 Third Street, Fort Wayne, Ind., was many years a conductor on the Nickel Plate. He says: "Twenty years of railroadings had my kidneys in terrible condition. There was a continual pain across my back and hips and my kidneys gave me much distress, and the action of my bladder was frequent and most painful. I got a supply of Foley Kidney Pills and the first bottle made a wonderful improvement and four bottles cured me completely. Since being cured I have recommended Foley Kidney Pills to many of my railroad friends." Sold by N. H. McCallum. 121

WOMAN PAST HELP

Candler, Okla.—In a letter from this place, Mrs. Ella Flowers says, "I hardly know how to thank you for the good that Cardul has done me. Before I tried Cardul, I thought I was past help, but after taking it I was relieved at once, and gained at least ten pounds. Everybody says I look so much better. I am still improving greatly." Many women are completely worn out and discouraged on account of womanly weakness. Are you? Have you not tried Cardul? It only needs a few doses to convince you that Cardul want. 10

For a quick desert, that Ferrell plum pudding at Bonham & Son's can't be surpassed. Phone 463.

KANSAS WOMAN HELPLESS

Lawrence, Kan.—Mr. J. F. Stone, of this city, says, "My wife suffered for ten years from womanly troubles, during two years of which she was totally helpless. She was examined by many physicians, some of whom gave her up to die. Finally she began to take Cardul, and since then has greatly improved in health. The tonic, strengthening, and restorative effects of Cardul, the woman's sole, on the womanly constitution, are the most valuable qualities of the popular medicine. Cardul acts especially on the womanly constitution. Half a century of success stories that Cardul will do all that is claimed for it. Try it for your trouble. 12

### BOYS CORN CLUB FOR HOUSTON COUNTY

The Boy's Corn Club is now a saving for Houston county.

Prof. L. N. Duncan of Auburn, representing the U. S. Department of Agriculture, came down Wednesday and helped perfect the organization.

The business men of Dothan deserve special commendation for the able support they gave this great work. But, this is Dothan's way. Below is a list of these prizes to be given to the successful contestants.

The following prizes are offered by people of this county to school boys, or boys of school age, living in this county:

1st. \$5.00 to be awarded by Mr. J. B. Bell, County Supt. of Education.

2nd. \$30.00 prize to be awarded by the county organization.

3rd. prize \$15.00 to be awarded by the county organization.

4th. prize \$10.00 to be awarded by the county organization.

5th. prize \$5.00 to be awarded by the county organization.

In addition to the above prizes the State Department of Agriculture at Montgomery is offering \$25.00 to each county in Alabama, for the best acre of corn, raised by man or school boy. The State at large gives the following prizes for the best acre of corn by man or boy:

1st. prize \$250.00, 2nd. prize \$150.00, 3rd. prize \$100.00.

The prizes will be awarded on the following basis:

Now, boys, somebody in Houston of these prizes. They are sure to be given to some one, the money has very nearly been subscribed. Anyway the prizes are guaranteed. This being the case, you enter at once by sending your name and address to Prof. L. N. Duncan, Auburn, Ala., or to R. H. Southerland, Dothan, Ala. It costs you nothing but the land, fertilizer, and labor. As it is getting late in the season send your names in at once, and get your instructions from the U. S. Dept. of Agriculture, giving you the best plan to make that best acre of corn. This organization is a permanent thing for this county and a goodly number of boys should fall in line and take advantage of this excellent opportunity for developing themselves in the greatest industry of the South.

For further information concerning this work, you may apply to R. H. Southerland, Dothan, Ala.

### FOR SALE—

A nice home on South St. Andrews, a good neighborhood for \$1,700, is well worth \$2,000. House has seven rooms, is comparatively new and is well throughout and lot is one-half acre. Can give possession September 1, and until then the rentals will pay ten or eleven per cent interest on the investment. Have two beautiful vacant lots on same streets, 61x200 ft. Each that I can sell the two for \$600 or \$300 each. Can give terms on lots if desired and can sell house and lot for one-half cash.

A very attractive home on Alice Street near new high school building in desirable neighborhood with lot 68x210 feet, that I can sell at \$2,100. Is renting now for \$17 a month and could be made to bring more rent with very few improvements.

Several very attractive propositions in business property that I would pay you to investigate.

A five room house in good neighborhood on lot 100x150 that I can sell for \$1,500; the improvements could hardly be put on lot at that price.

Three lots on Washington street, with four room house on middle lot, the house and all three lots for \$1,500. One of the lots is a corner lot and a splendid location for a store.

One of the very prettiest residence lots in Dothan with 98 ft. front and good depth, close in and on prominent street. Several vacant lots on South Oates street and a beautiful lot on West Main large enough for two houses and in splendid neighborhood. Also very attractive residence on JV. Main.

Forty acres of land in less than three miles of Dothan, all cleared and fenced at \$30 an acre, is rented for this year at rental that is paying good interest.

Forty acre farm five miles from town in one of the best localities in the county, 35 acres in cultivation and all fenced. If bought at once, can get 15 per cent interest on purchase price in rental this year, and will always rent well.

C. S. TUTWILER

MEN WITH A PAST.

A Brooklyn lawyer, supposed from practice, who disappeared many years ago, and was thought to have committed suicide, reappeared as the leader of the minority in the Michigan Senate. The chief of police of Danville, Va., is recognized after many years as an escape convict under sentence in Georgia.

During the recent political campaign a candidate for governor of a Western state was identified as one who, in youth, had participated in a crime of violence on the Texas border. The governor-elect of Southern state proves in infancy to have been a foundling.

It is pleasing to note that in even one of these cases identity was admitted, and that the honorable record of after-life was generally accepted as atoning for early misdeeds or obscure origin. Exposure, therefore, while painful in some instances has not operated to discourage those who, in many other places, are seeking honestly and industriously to overcome the disadvantages of a bad start.— New York World.
